ACCESSORIES (sold separately)

Carbon filter – when you can't take the vent outdoors

Shut-off valve used on the inlets for ease of maintenance

Made in France to the highest standards, needs to be installed by a licensed plumber.

Note: Isolation valves should be fitted to the inlet pipework and discharge pipework to isolate the unit for servicing.

# WHY CHOOSE THIS PRODUCT

Tough, reliable grinding lifting station

Free passage 80 mm or 100 mm

Intelligent level controller

Clear LED screen

Allow 200 mm clearance around pump for maintenance purpose
